

The Tindall Foundation is a philanthropic family foundation working throughout Aotearoa to support families. Each year, we work with our Local Donation Managers and Local Allocation Committees around New Zealand, who support us in the distribution of funding through our focus areas of supporting families and the environment.

Our Local Donation Manager for environmental initiatives is World Wildlife Fund. For more details on their funding rounds, please check their website https://www.wwf.org.nz/what_we_do/community_funding

Our current Local Allocation Committee for Marlborough, Nelson and Tasman regions is going through a strategic review and so organisations seeking funding are being directed to apply on-line to The Tindall Foundation via our website <https://tindall.org.nz/family/>

For details on ‘**What We Do and Don’t Fund**’, please see below, with more information available on our website <https://tindall.org.nz/family/>

Please note that approved donations are for one year only, and are to support local community projects/initiatives up to \$10,000. Donations usually range from \$500 to an average of \$4,000-\$5,000.

Once you have registered as a user, the application is a two stage approach – the first step is completion of an eligibility check list, and if successful at this stage, you will be directed to the full application form which will be reviewed and approved by our Trustees.

The closing date for applications is Friday 4th December. Applicants will be notified by Wednesday 16th December 2020 on the decisions of their requests.

If you have any questions, please contact Martina at The Tindall Foundation on 09 915 1654 or by email martina.odriscoll@tindall.org.nz

Goals for Whānau/ Family	Areas not eligible for funding
<p>Healthy and happy families in which everyone has a strong sense of self and is connected to their identity and culture.</p> <p>A country where all New Zealanders live in affordable, healthy, safe and violence-free homes.</p> <p>A place where whānau/families have sufficient means to raise their tamariki/children.</p> <p>Parents and carers feel confident and supported, tamariki/children and rangatahi/young people are attached and</p>	<p>Core or public health services, medical care, medical equipment, medical research, clinical health initiatives (within mental or physical health) or disabilities services, hospitals and hospices. This includes initiatives where the ‘entry criteria’ for service users means that they have a physical, mental health or addiction issue or are living with a disability.</p> <p>Core education in universities, colleges, schools, early childhood centres, including programmes, scholarships, equipment, or other activities that are curriculum-related.</p> <p>Research from outside a community without its direct involvement.</p>

<p>secure, and families get the support they need.</p> <p>Rangatahi/young people are resilient, connected, able to participate, have a strong sense of self, and enjoy meaningful work.</p> <p>A gender-equal Aotearoa New Zealand, where all gender identities are respected, have equal opportunities, and are able to make their own choices.</p> <p>Whānau/Family Priority areas for funding <i>The more priorities your project/organisation meets, the more likely you are to receive support</i></p> <p>Whānau/Families experiencing multiple and intergenerational disadvantage Put whānau/families at the centre Use kaupapa Māori models of practice Work holistically Focus on long term solutions Work in collaboration</p>	<p>Sport, leisure and recreation, high performance sport, sports clubs operational or programme costs, sport equipment, events, trips and competitions.</p> <p>The arts, including drama, art or performing arts, museums and galleries.</p> <p>Overseas organisations, projects outside the geographic borders of Aotearoa New Zealand, overseas travel and expenses, and exchange programmes.</p> <p>Buildings or land. Animal charities. Capital assets or equipment costing over \$3,000. Individuals. We are unable to give donations to support individuals including scholarships, international travel to conferences, events or for research. Personal loans. Endowment funds. Religious or political advocacy, including religious advancement, political lobby groups, lobbying or marketing campaigns. Venture capital initiatives. Urgent or retrospective applications. Sponsorships.</p>
